Maxwell's equations are a set of partial differential equations that, together with the Lorentz force law, form the foundation of classical electromagnetism, classical optics, and electric circuits. The equations provide a mathematical model for electric, optical and radio technologies, such as power generation, electric motors, wireless communication, lenses, radar etc. Maxwell's equations ...

My interest in Medieval science was substantially sparked by one book. Way back in 1991, when I was an impoverished and often starving post-graduate student at the University of Tasmania, I found a copy of Robert T.
